Maximum number of sheets of 80 g/m² paper. The maximum capacity in this case is 20 sheets.

Tool with metal functional parts

Robust stapling for permanently binding documents together.

This device can process staples of type NE 6. A maximum of 210 staples can be inserted.

Maximum stapling depth is 10 mm.

The spring loading mechanism - by pressing a button at the rear of the stapler, the staple magazine is released for front loading.

The spring-mounted magazine permits comfortable, trouble-free stapling without staples jamming. Staples can no longer become stuck in the machine.

Machines must be connected to the standard 230 V / 50 Hz mains power supply using an adapter provided with the product.
