

InLine® PURE Air TWS, Bluetooth In-Ear headphones with Qi charge and powerbank function

* Preise inkl. gesetzlicher MwSt. zzgl. Versandkosten

Marke: INL

Bestell-Nr.: 55356T

The InLine® PURE Air is a hands-free wireless headset for Bluetooth devices such as mobile phones or tablet computers. With the function key attached to both headphones, volume (press twice), music selection „forward“ (press right-hand key for 3 seconds), music selection „backward“ (press left-hand key for 3 seconds), music play / break (press once), telephone calls (press once for incoming call) and voice assistant (press 3 times (Siri/Google)) can be conveniently operated with one hand. To charge, the earphones are placed in the charger housing (up to 8 times possible if the charger case was fully charged). The charging case itself is charged via Micro-USB or wireless (Qi compatible). In addition, the charger housing can be used as a power bank via the USB-A socket.
