

POWER BANK QP15/QS15
EXPRESS LANE CHARGING

Future-Proof Rapid Recharge

The QP15/QS15 comes with dual inputs for recharging the power bank: Micro-USB and Type-C. With the Type-C input, you'll save a massive amount of time with Rapid Recharge by recharging 70% faster than a standard 10W input. That equates to only 3.5 hours (QP15) or 6.5 hours (QS15).

Fast Charge Power For Days

The QP15/QS15 utilizes smartBOOST technology to deliver a fast charge and premium battery cells to recharge any smartphone 2-4 (QP15) or 4-6 (QS15) full times, for days of power, anywhere. Charge up to 2.5 times faster with 18W Power Delivery (PD) via the Type-C port and QC3.0 via the 2 USB Type-A ports.
