InLine Table clamp for socket strip, rotatable, spring clamp, black

[InLine Table clamp for socket strip, rotatable, spring clamp, black:](#)

With the table clamp from InLine you no longer need to bend under your desk to get to your power strip. You have the sockets where you need them and can connect devices directly at the desk. The rotating head allows for flexible alignment and positioning at the workstation. The bracket is attached to the desk with a sturdy spring clamp without any screws. This allows it to be attached even if the installation depth is shallow or the power strip can be placed under the desk. Silicone pads protect against damage.
