PanzerGlass® Full body Case Transparent Apple Watch Series SE 3 | 6 | 5 | 4 | 40mm:

Protect your watch from the hazards of everyday life with PanzerGlass®. Accidental bumps against handrails, elevator doors or table corners are no match for this scratch and shock-resistant screen protector glass. It even keeps your watch safe if you knock it down from your nightstand or bathroom sink onto a stone-hard floor. As an added bonus, the smudge-free coating with antibacterial effect kills up to 99.99% of all common surface bacteria and reduces traces of fingerprints and dirt.

The full-body glass covers the entire front as well as the curved sides of your watch, while still providing easy access to all button controls. It is easy to install – just click it on and off as you like – and once installed, you'll never again fear the screeching sound of glass against metal. This may never happen, but if it does, you'll regret not having clicked "add to cart".
