ENERGY-SAVING PERFORMANCE WITH RADIANT SHINE

With a variety of enhanced features and powerful drying performance, Instant Dry is the ideal blow-drying package for style your way.

This high-performance hair dryer features two different settings for versatile drying results: the Instant Dry System uses a moving air booster to produce wider air diffusion, while a standard setting provides normal diffusion for more basic blow-drying needs. Ultra-fast drying comes together with eco-efficiency, requiring 30% less energy while maintaining the efficiency of a 2110W blow-dryer.* The ionic effect reduces static and frizz to produce smooth, manageable hair enhanced with radiant shine, with a cold air shot as the final touch to set the style in place for long-lasting results.
